## MAZE NAILS LETTER OF CERTIFICATION

This letter certifies that Maze Nails are 100% MADE IN THE USA – and meet the requirements of the **Build America, Buy America Act (BABAA)**.

### Background

The Build America, Buy America Act (BABAA) requires all federal agencies, including FEMA, to ensure by May 14, 2022, that no federal financial assistance for “infrastructure” projects is provided “unless all of the iron, steel, manufactured products, and construction materials used in the project are produced in the United States.”

### 1. All iron and steel used in the project are produced in the United States.

This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

### 2. All manufactured products used in the project are produced in the United States.

This means the manufactured product was [manufactured in the United States](#), and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of [domestic content](#) of the manufactured product has been established under applicable law or regulation.

Best regards,
