

"WHICH GUN DO I NEED TO INSTALL THESE NAILS?"

Our nails do not require you to use a proprietary gun - they will work with most of the leading gun brands on the market. While different types of collation do require different guns, you have many options when selecting a tool to install our nails. Please see the lists below for reference. These lists aren't all-inclusive .. they simply list the guns we KNOW will work.

20 DEGREE PLASTIC COLLATED STICKS DESIGNED TO FIT:

AIRY ABL-8290	BOSTITCH..... N95162	DUO-FAST CN 350B	HALSTEAD HNS-39	HOLZ-ER..... 3546	MAX SN89RH	SENCO..... 600 FRH
